

5" Inches of Space Officiating Camp June 8-10, 2010

BASKETBALL OFFICIALS

There will be a unique early opportunity to fine tune and fast track your referee skills at Hendrix College on June 8, 9, 10. This is a Tues, Wed and Thur - games will start at 2 (tentatively) with the last starting at 7. There will be 3 courts all in the same building and all air conditioned and each will have 6 games per day. The team camp is already full so this is a go for sure.

The unique aspect is that there will be 3 camps (one each day) which will allow more flexibility for your attendance without taking off three days or even an entire day. If you are interested in attending more than one session, that possibility will be available.

The cost is \$40 - there are assignments available from this camp. You will receive personal developmental input from officials who have been there and know what the officiating game is all about. You will be provided insights to the game from a mental perspective that will allow you to develop a total game approach rather than a minimal primary view. You will learn how to extend your primary and become a better and more knowledgeable partner all of which will make you a better official. Be a part of an opportunity that will allow you to develop confidence, communication skills and create advancement opportunities for yourself with the help of a support group that will become part of your officiating family.

There has never been a greater need for officials and now is the time to make your move. Join us and learn the difference between a whistle blower and a referee. Become a better referee. The numbers each day will be restricted so sign up early and get the day you want

Respond to the following email and send \$40 to:
