The Academy is your opportunity to experience what it takes to do more than just survive as a basketball official.

This experience will provide you the knowledge and skills needed to improve and advance your officiating career. The Academy will benefit both men and women at all levels of officiating and will be especially beneficial to board members and the instructional leaders of your local associations.

Participants have the opportunity to take the skills learned in sessions & try them out in HS varsity level basketball in 2 person and 3 person crews.

This Academy is offered in conjunction with the Sonoma State University Boys HS Varsity Team Camp.

Check out the enclosed brochure for more details. If you have questions, feel free to contact the University of Sports.
